# Alexandra

## AUTUMN ESSENTIALS — Workwear —

## Build your uniform from head to toe

Responsible employers know how important it is to protect staff from potential health and safety hazards at work as well as keeping them comfortable and able to perform at maximum potential. Ensuring that they wear the correct workwear is one of the key elements to the success of your policy.

As well as offering you a full range of garments, accessories and footwear to protect your team from head-to-toe, all Alexandra products are guaranteed for two years and are independently tested to meet our exacting standards of manufacture and performance.

# Get smart with branding

Branding your workwear is a quick, convenient and cost effective way of enhancing the appearance of your team.

It is possible to convert any logo, company brand name or design into intricate, full-colour embroidery and place it onto a multitude of garments shown within this catalogue.

## Don't have a logo? No problem!

You can have your company name embroidered onto your chosen workwear in a huge range of colours and typefaces and in a variety of positions on the garment.

# Build your uniform from head to toe

## Job role: Facilities management

In facilities management roles, your staff play the important role of a front-line army - to protect, maintain essential services and solve sudden or unexpected problems in the running of your buildings and infrastructure.

Workers in these roles need to work in widely varied environments, clothing needs to be flexible, able to be layered, robust and well-designed to allow movement and protection.

Appearance is important - especially if you provide a service on your customers premises. As well as conveying professionalism and confidence, your staff need to be easily recognised and clearly branded with your company name. Tungsten is a perfect choice.

# Build your uniform from head to toe

## Job role: Chef

**Protection, practicality and comfort are the essential features that we consider when designing chefswear.**

**Protective** - densely woven, high quality fabrics keep scalding spills and spits away from your skin, whilst ceramic and Teflon coatings to repel stains.

**Practical** - short and long sleeved options, hidden pockets, elasticated waistbands and fabrics that can withstand industrial laundering

**Comfortable** - moisture-wicking fabrics and clever mesh panels keep you cool in the steamiest conditions.

**“A chef’s skull cap looks professional, keeps your head dry and protects food from stray hair and this heavy duty apron gives extra protection and looks super-smart”**

### Available in:

## Build your uniform from head to toe

Job role: Core nursing

As the largest supplier of nursing tunics in the UK, we know a thing or two about the importance of comfort and practicality in the clothes that nurses wear for work. Long trusted by the NHS and private healthcare organisations for quality and reliability, our tunics, dresses and trousers offer superior comfort and fit and are designed especially for the role.

Appearance is especially important to patients in core nursing roles. Both patients and their families need to be able to recognise nursing staff and to feel reassured that they are in professional hands. The traditional nursing dress or tunic and trouser combination does exactly that - it presents a highly respected image that requires no further explanation.

“Alexandra has a range of accessories to complete your look”

### Embroider it!

# What we can do **for you**

Presenting the right image to your customers can give you that all-essential edge.

Whether you need workwear for construction, manufacturing, engineering, production, hotel and catering, retail, beauty or medical roles - we can offer you the widest choice of styles, colours and sizes all in one place.

With innovative ideas to make your working life even more practical, safe and comfortable - your staff will look smart and professional in whatever role they fulfill.

## **All the products in this catalogue are:**

- Chosen by experienced product managers to be the best in class
- Superb quality - carefully designed and well made to withstand even the harshest working conditions
- Compliant with all the latest Health and Safety regulations, where applicable
- Independently tested to ensure colour fastness and durability - capable of withstanding industrial laundering.
- Available from our UK warehouse for fast delivery to you
- Offered in a wide range of colours, sizes and lengths
- Our comprehensive range includes businesswear, shirting and suiting, outerwear, footwear and PPE - to ensure you are covered from head to toe in a smart, fit-for-purpose uniform.

## Personalise your workwear

### Embroidery

It is possible to digitise and convert any type style or logo into high quality, durable embroidery in hundreds of colours.

### Printing

If you are looking for large volumes of garments to be personalised, it could be better for you to consider having your garments printed, with bold, permanent full-colour images, logos and designs. The choice of finish will depend on your needs, the fabric and volume required.

### Claim back tax on your workwear

In order to identify your workwear as being tax-deductible, it is possible to create woven badges and labels which can be sewn to the garments.

#### Embroidery

Direct embroidery, suitable for most garments. No minimum quantities.

#### Screen printing

Ink-based application, ideal for complex designs and large quantities.

#### Vinyl printing

Reflection free. Heat applied to garment. Best for simple colour logos with small quantities.

#### Digital printing

Heat applied transfers. Unlimited colours. Suitable for detailed designs.
